```

Solution

The following steps outline the solution to the Unauthorized Access Exception:

1. Navigate to the `ConversionServer` folder following the path given in the error message.
2. Right-click the `ConversionServer` folder and click **Properties**.
3. On the **Security** tab, click **Advanced**.
4. Click **Change Permissions**.
5. Click **Add**.
6. Type **Everyone** and click **OK**.
7. Select the **Full control** checkbox for **Access** and **Allow** for **Type**.
8. Click **OK**.
9. Select **Replace all child object permissions with inheritable permissions from this object**.
10. Click **Apply** and click **Yes** when prompted.
