

Client Library File Cleanup

Older files from the HOOPS Web Viewer libraries may still be present, and can be deleted:

1. Navigate to the folder:

```
<Innovator_root_path>\Innovator\Client\Solutions\3DV\Scripts\3rdPartyLibs\hoopswebviewer
```

2. If found, delete the following files:

- o \hwf\host_hwf
- o \io\communicator_server_integration.js
- o \io\engine_vroom
- o \io\engine_comic_io
- o \io\engine_vroom_io
