

Responsive UI & Mobile Views

Controls rendered on the page are adjusted to the available page width to avoid showing horizontal scrollbars. In the mobile device, all the pages are shown with a mobile layout.

The screenshot displays the Aras i web application interface. At the top, there is a navigation bar with the Aras logo, a search bar, and several utility icons. Below the navigation bar, a secondary toolbar contains icons for home, check, error, share, chat, refresh, and a menu. The main content area is divided into two sections:

Pivot Table

	State	Preliminary	Released	Totals
Type				
Assembly		203	36	239
Component		106	195	301
Material		3		3
Phantom		9		9
Software		14		14
Totals		335	231	566
