

Page Navigation

- You can navigate through the pages by clicking Next and Previous buttons in the bottom Navigation Bar. You can navigate to next page by clicking Next button, as part of moving away from the page, all validation rules on the page are evaluated. If any of the rules are not satisfied, it shows popup dialog with Validations Failed message and icons against each control.
- By hovering the mouse on the icon, specific errors or warning messages are shown based on the defined validation rules on the control. You can move away from the current page by clicking any other page from the Navigation Panel. If the current page has any validation errors, a popup dialog will be shown with options to ignore and move forward or fix the issues before moving forward.
- Every time when you save the item if you have “as_is_validated” property on the ItemType, it will save the status of validations against that property. That property value will be set to true if all pages in the wizard have no validations errors. Even if a single page has validation errors, property value will be set as false.

The screenshot displays the Aras INNOVATOR software interface. The main window shows a 'Part BOM' table with the following data:

Name	Part Number	Cost(\$)	Max Order Quantity	Total Cost(\$)	Created On	Author
Wheels	wheels	20,000	40	800	7/25/2024 2:05:07 AM	Innovator Admin
Spokes	spokes	20,000	60	1,200	7/25/2024 3:36:57 AM	Innovator Admin
Tyre	tyre	20,000	20	400	7/25/2024 3:36:57 AM	Innovator Admin
Tyre Valve	tyre_valve	20,000	20	400	7/25/2024 3:48:51 AM	Innovator Admin
Bolt	bolt	20,000			7/25/2024 3:54:56 AM	Innovator Admin
Nut	nut	20,000			7/25/2024 3:32:16 AM	Innovator Admin
Cap	cap	20,000			7/25/2024 2:25:37 AM	Innovator Admin
Rim	rim	20,000			7/25/2024 3:45:54 AM	Innovator Admin
Hub	hub	20,000			7/25/2024 3:32:16 AM	Innovator Admin
Frame	frame	20,000			7/25/2024 2:05:08 AM	Innovator Admin
Seat	seat	20,000			7/25/2024 2:55:13 AM	Innovator Admin
Handle	handle	20,000			7/25/2024 3:21:14 AM	Innovator Admin
Main Frame	main_frame	20,000			7/25/2024 3:32:16 AM	Innovator Admin

The interface includes a Navigation Panel on the left with options like Supplier Information, Advanced Table, Worksheet, Advanced TreeTable, Structure, Structure Browser, Contract & Signature, Reports, Graph View, PDF Viewer, and Panel. At the bottom, there are navigation buttons for '< Previous' and 'Next >'. The top bar shows 'Aras INNOVATOR' and various utility icons.
