

Page & Control Features

Mandatory Properties

Mandatory properties on the form and collection controls are displayed with '*' after property label.

The screenshot shows a 'Details' form control with two fields. The first field is 'Supplier Name', which is mandatory as indicated by a red asterisk and an information icon. The value 'Aras' is entered in the text box. The second field is 'Type', with the value 'Electrical/Assembly' and two buttons (a green checkmark and a red X) to its right.

The screenshot shows a 'Subcontractors' collection control. It features a toolbar with various icons for adding, deleting, and editing items. Below the toolbar is a table with two columns: 'Supplier Name' and 'Type'. The 'Supplier Name' column is marked as mandatory with a red asterisk and an information icon. The table contains two rows of data.

Supplier Name *	Type
Aras	Electrical/Assembly
Siemens	Mechanical/Assembly
